## Foreword from the Head

Date: 27/4/2018 Issue: 11

### THANK YOU

Parents, Grandparents, Governors, residents, the local and wider community have been truly incredible offering their support both emotionally and financially after our break-in last week. We are thrilled to announce that the Year 6 money has been fully recouped. We have been overwhelmed with kind words, emails and phone calls, biscuits for the staffroom, offers of further fundraising and concerns for the children. This support has been truly appreciated.

[We are very proud that Eastcombe Primary School is a wonderful school, situated in a caring, kind and thoughtful community.](#)

### Science Week

Ms Bashford is busy planning a Science week to take place 18th–22nd June. This will be an exciting opportunity for all the children to experience different Science activities throughout the week. Further details will follow but initial thoughts include a space dome, science experiments, a science walk, a hands on activity day and possible a visitor into school. We will reveal further details as we have them finalised!

### Upcoming end of year events...

This is advanced notice of the important diary dates we have coming up in the Summer Term.

### New Facebook Page

Eastcombe Primary School has launched it's own Facebook page!

**Eastcombe Primary School**  
**@eastcombepriamary**

This is an extra way of keeping you all up to date with news and information. This will not replace any of our current methods, it's an extra! This is also a great way of us instantly sharing photos of your children (only with your consent of course) enjoying everything Eastcombe Primary School has to offer. Please like and share our page to spread the news!

Consent letters will be coming home soon.

**“Aim high, believe and achieve”**
