

English

This term we will investigate setting descriptions and develop our writing at length skills by writing extended stories.

Beside the Seaside

Summer Term 1

Squirrel Class

Art

We will look at 'stick transformation'. As artists we will use our creativity to look at the world in new ways and use our hands to transform materials into new things.

Computing & Music

We will listen to a variety of music and think about how it makes us feel. We will then compare making music digitally and non-digitally before creating our own music using Chrome Music Lab.

Maths

EYFS- Will explore 3D shapes before moving onto simple patterns. We will begin our topic delving deeper into numbers to 20.

Year 1 and 2- We will continue our money topic before moving onto fractions; looking at halves, quarters and thirds and exploring unit and non-unit fractions.

Science

In science this term, we will delve into living things and their habitats, including microhabitats. We will also look at simple food chains, identifying and naming different food sources.

PE

Monday- Become more confident with basic movements including running, jumping, throwing and catching.

Thursday- Participate in team games, developing our attacking and defending skills.

RHE

We will learn all about health and prevention, focusing on what we need to do to stay healthy. We will also look at some of our shared responsibilities.

RE

What is the 'good news' Christians believe Jesus brings?

History

We will explore how the seaside has changed over time using a variety of sources, including pictures and written sources.
